Entered as second-class matter May 31, 1921, at the post office at Menasha, Wis., under the Act of March 3, 1879. Acceptance for mailing at special rate of postage provided for in the Act of February 28, 1925, embodied in paragraph 4, section 412, P. L. and R. authorized June 19, 1925.

Journal
of the
Optical Society of America
and
Review of Scientific Instruments

Published monthly by the Optical Society of America in co-operation with the Association of Scientific Apparatus Makers of the United States of America. The Section on Optics is devoted to original papers on experimental, theoretical, and applied optics. The Section on Scientific Instruments is devoted to original papers on instruments of all kinds (electrical, mechanical, thermal, etc., as well as optical) for research, instruction, and industrial processes. Manuscripts for publication are invited, whether authors are members of the Optical Society or not.

Annual subscription $5.00 dating from January of current year. Single copies $0.60. Back numbers: Vols. 1-5 (The Journal of the Optical Society, 1917-1921 inclusive) $16.00. Vol. 6-7, $5.00 per volume; Vol. 8—, $2.50 per volume. Address publishers, "George Banta Publishing Company, 450-454 Ahnaip Street, Menasha, Wisconsin, or F. K. Richtmyer, Manager, Cornell University, Ithaca, New York," for all correspondence regarding subscriptions, back numbers, changes of address, advertising rates and accounts, and missing numbers.

THE OPTICAL SOCIETY OF AMERICA

President—I. G. PRIEST, Bureau of Standards, Washington, D.C.

Vice-President—L. A. JONES, Eastman Kodak Company, Rochester, New York.

Secretary—C. C. BIDWELL, Lehigh University, Bethlehem, Pa.

Treasurer—ADOLPH LOMB, Rochester, New York.

The Council consists of the above officers, the Editor-in-Chief and the Assistant Editor-in-Chief and Business Manager of the JOURNAL, the past President, W. E. Forsythe, Nela Research Laboratories, and the following elected members: L. R. Ingersoll, University of Wisconsin; P. E. Klopsteg, Central Scientific Co.; W. F. Meggers, Bureau of Standards; A. H. Pfund, Johns Hopkins University.

The object of the Optical Society of America is to serve the interests of all who are engaged in any branch of optics from fundamental research to the manufacture of optical goods.

The Constitution provides that any one who has contributed materially to the advancement of optics shall be eligible to regular membership in the Society with the privilege of voting and holding office. Any individual or corporation interested in optics is eligible to associate membership. Annual dues including subscription to the JOURNAL are five dollars for individual associate membership, seven dollars and fifty cents for individual regular membership and fifty dollars for corporation membership. Further information may be obtained from the secretary.
